

Diagnosis Specific: Neurologic

This is a non-exhaustive list of various qualitative studies and topics that can be utilized in the neurologic content of a Doctor of Physical Therapy Program. If you would like to submit for possible inclusion additional qualitative or mixed-methods literature on this topic, please submit your suggestion to the Qualitative and Mixed-Methods Toolkit team.

Christoffersen, Vilde, and Merete Kolberg Tennfjord. "Younger Women with Lipedema, Their Experiences with Healthcare Providers, and the Importance of Social Support and Belonging: A Qualitative Study." *International Journal of Environmental Research and Public Health* 20.3 (2023): 1925.
DOI 10.3233/JPD-202457

King, Bridget Fowler, et al. "Activity Monitoring in Parkinson Disease: A Qualitative Study of Implementation Determinants." *Journal of Neurologic Physical Therapy* (2023): 10-1097.
DOI: 10.1097/NPT.0000000000000451

Simpson, Jane, et al. "Experiences of apathy in people with Parkinson's disease: a qualitative exploration." *Disability and rehabilitation* 37.7 (2015): 611-619.
DOI: 10.3109/09638288.2014.939771

Navarta-Sánchez, M. Victoria, et al. "Perspectives of people with Parkinson's disease and family carers about disease management in community settings: A cross-country qualitative study." *Journal of Clinical Nursing* (2023).
DOI: 10.1111/jocn.16636

Virbel-Fleischman, Clara, et al. "Body-Worn Sensors for Parkinson's disease: A qualitative approach with patients and healthcare professionals." *PLoS one* 17.5 (2022): e0265438.
DOI: 10.1371/journal.pone.0265438

Maffoni, Marina, et al. "Living with Parkinson's—past, present and future: a qualitative study of the subjective perspective." *British Journal of Nursing* 28.12 (2019): 764-771.
DOI: 10.12968/bjon.2019.28.12.764

Ressler, Itay, and Avital Gershfeld-Litvin. "Living with Parkinson's disease: A qualitative study of spousal perspectives." *Journal of Health Psychology* 28.6 (2023): 541-553.
DOI: 10.1177/13591053221134740

Rosqvist, Kristina, et al. "Perspectives on care for late-stage Parkinson's disease." *Parkinson's Disease* 2021 (2021).
DOI: 10.1155/2021/9475026

van Diemen, Tijn, et al. "Learning self-care skills after spinal cord injury: a qualitative study." *BMC psychology* 9 (2021): 1-12.

DOI: 10.1186/s40359-021-00659-7

Baehr, Laura A., Kathleen Fisher, and Margaret Finley. "Perspectives on Health With Spinal Cord Injury Now and in the Future: A Qualitative Descriptive Study." *Physical Therapy* 103.4 (2023): pzad011.

DOI: 10.1093/ptj/pzad011

Louie, Dennis R., et al. "Patients' and therapists' experience and perception of exoskeleton-based physiotherapy during subacute stroke rehabilitation: a qualitative analysis." *Disability and Rehabilitation* 44.24 (2022): 7390-7398.

DOI: 10.1080/09638288.2021.1989503

Celian, Courtney, et al. "A day in the life: a qualitative study of clinical decision-making and uptake of neurorehabilitation technology." *Journal of neuroengineering and rehabilitation* 18.1 (2021): 1-12.

DOI:10.1186/s12984-021-00911-6

Akanuwe, Joseph NA, et al. "Exploring the experiences of having Guillain-Barre Syndrome: a qualitative interview study." *Health Expectations* 23.5 (2020): 1338-1349.

DOI: 10.1111/hex.13116

Sutter-Leve, Rachel, et al. "The caregiver experience after stroke in a COVID-19 environment: a qualitative study in inpatient rehabilitation." *Journal of Neurologic Physical Therapy* 45.1 (2021): 14.

DOI: 10.1097/NPT.0000000000000336
